Career Objective

Enthusiastic and motivated BCA graduate with a strong foundation in computer science principles and programming languages. Eager to leverage theoretical knowledge gained through coursework and practical projects to contribute effectively to a dynamic team environment. Seeking an entry-level position where I can apply my skills in software development, database management, and problem-solving to drive organizational success and personal growth.

Projects

Stone-Paper-Scissors

- A simple and fun Stone Paper Scissors game built with HTML, CSS, and JavaScript. Play against the computer and see who wins!

Tic-Tac-Toe

- A simple Tic-Tac-Toe game built with HTML, CSS, and JavaScript. Play against another player on a 3x3 grid, aiming to get three of your marks in a row to win!

Currency-Converter

- A simple and efficient Currency Converter built with HTML, CSS, and JavaScript. Convert amounts between different currencies using real-time exchange rates.
